A man and a woman are shown in a snowy mountain setting, both wearing ski gear and laughing. The woman, on the left, is wearing a black ski jacket with 'Marmot' and a logo on the sleeve, black ski pants with 'Marmot' on the leg, and a black beanie with a fur pom-pom and goggles. She is holding a blue Contigo water bottle. The man, on the right, is wearing a black ski jacket, black ski pants, and a black beanie with goggles. He is also holding a blue Contigo water bottle. They are both holding ski poles. The background shows a snowy mountain slope with some trees.

2025

INNOVATE. STOP SPILLS.

It all began with the idea to eliminate spills with a coffee mug that sealed between sips.

From there, we engineered a patented technology called Autoseal™ to deliver on that groundbreaking idea. Since 2004, Contigo® has passionately engineered innovative beverage carriers for discerning individuals and families who celebrate us because we enhance their active, flowing lifestyles through intimate understanding and design.

Our obsession for consumer-centric design down to the smallest details made us the global market leader in branded on-the-go drinkware. We are continuously looking for ways to revolutionize the world of drinkware and offer you the best products on the market.

Contigo®. Sip with confidence.

Why Contigo?

All of our patented technologies allow you to drink smarter; Economically, environmentally and conveniently, to enjoy what really matters.

One-handed operation

Phone, keys or tote - whatever you have in one hand, sip confidently with the other one!

100% Spill-proof

100% spill-proof AUTOSEAL™ technology. No more spills!

100% Leak-proof

100% confidence wherever you go!

Easy to clean

All Contigo® lids are dishwasher safe, taking care of your bottle has never been so easy!

Maintains temperature

Keep your beverage hot or cold for hours!

Original. Patented. Ultimate Convenience.

Our AUTOSEAL™ technology is designed to save us from the inevitable spill. Drips and drops on your work shirt, your t-shirt, your laptop, or your notebook are a thing of the past. 100% spill-proof and leak-proof, it automatically seals between sips. Only requires one hand to operate and the easy-clean, one-piece lid cleans quicker than you can count to five.

HOW IT WORKS:

Press the
AUTOSEAL™
button to sip,
release to seal.

- 100% spill & leak-proof
- One-handed operation with the push of a button
- One-piece lid: no loose parts to misplace
- Easy to clean (lid pops open for thorough cleaning)

AUTOSPOUT™ Straw Technology

High-flow hydration at the press of a button

Snaps to it. Simply superb.

Push up to open and down to close. It's that simple. Grab and go, this leak-proof technology is great for the office, the car, or even your holidays. A satisfying snap lets you know you're good to go. Only one hand is required to enjoy drinks at your perfect temperature. An added bonus: the drink's reservoir allows a hot beverage to cool for a moment if you prefer.

HOW IT WORKS:

Just press the
Snapseal lever up
and enjoy your drink.

- 100% leak-proof
- One-handed operation
- Easy clean
- One-piece lid: no loose parts to misplace
- Unique reservoir spout delivers more flow control
